Section 125 Cafeteria Plan

How the Plan Works

An IRS Section 125 Plan provides participants an opportunity to receive certain benefits on a pre-tax basis. Under your Employers' Plan, you may pay the premiums pre-tax for your medical, dental, vision and supplemental health plans. Flexible spending accounts are also offered for your health care and dependent care needs for you and your family.

Example of Employee Savings?

	Without a Section 125 Plan (After-Tax Deductions)	With a Section 125 Plan (Pre-Tax Deductions)
Employee Gross Pay	\$ 3,000.00	\$ 3,000.00
Pre-Tax Medical Premiums		\$ 304.00
Taxable Income	\$ 3,000.00	\$ 2,696.00
Tax Rate	25 %	25 %
Taxes Withheld	\$ 750.00	\$ 674.00
Employee Net Pay	\$ 2,250.00	\$ 2,022.00
Post-Tax Medical Premiums	\$ 304.00	
Take Home Pay	\$ 1,946.00	\$ 2,022.00

Flexible Spending Accounts

A Flexible Spending Account (FSA) is a special account for healthcare and dependent care expenses. When you enroll in an FSA, you decide how much to contribute to each account for the entire Plan Year. This annual contribution is then deducted in equal amounts from your paycheck, before Federal & State income taxes and FICA taxes are deducted. These "pre-taxed" funds are automatically deposited in your account through payroll deduction. Unless you have a qualifying event under Section 125 regulations, your election amount will not change during the Plan year.

Managing Your Flexible Spending Accounts

There are two kinds of Flexible Spending Accounts:

- Healthcare Reimbursement FSAs
- Dependent Care FSAs (Day Care Expenses)

Flexible Spending Accounts

You may choose to participate in both plans, depending on the options provided by your employer. Funds in these accounts cannot be co-mingled and the expenses must be incurred during your employer's plan year. Expenses in your flex account that are not incurred by the end of the plan year will be subject to the "use it or lose it" rules regulated by the Internal Revenue Service. Therefore, a decision as to how much you will contribute to your FSA accounts should be made carefully. Based on your Employer's flexible benefits plan year, you have a specified date or "run-off period" following the end of the plan year to submit your claims for reimbursement. If you do not exhaust your account balance, all funds still remaining in your account will be forfeited after this claim period ends. Check with the Plan Administrator to verify the last date that you may file claims to be reimbursed for your eligible FSA expenses.

Healthcare Reimbursement Flexible Spending Account

A Health Care Flexible Spending Account (FSA) is designed to reimburse you for out-of-pocket health care expenses incurred by you or your eligible dependents that are not reimbursable by your medical, dental and vision insurance plans.

Eligible Health Expenses

These expenses may be incurred by you or your eligible dependents. Expenses include deductibles, coinsurance payments, office co-pays, orthodontics, glasses and contacts.

An eligible expense item must not be used for general health or cosmetic purposes. In some instances, you will be required to submit a letter of medical necessity from your health care provider to demonstrate a medical need.

Once enrolled in a health FSA, the entire annual election is available to you on the first day of the plan year. You must spend the funds by the end of the plan year or they will be forfeited from your account.

Special Health Care Expenses

IRS does not allow pre-payment of certain medical treatment programs that may span over multiple plan years. These include orthodontic and prenatal expenses. Reimbursement of the entire expense generally violates the IRS requirement that expenses must be "incurred" during the coverage period and cannot be paid in advance.

Orthodontic Expenses

IRS stipulates how orthodontic expenses can be reimbursed in a health care FSA. You should carefully plan when deciding on your annual election if it includes orthodontic expenses. Special planning should be considered if you are planning to take advantage of an up-front discount payment. Please remember, services must be performed and incurred within the current plan year. Reimbursement of a lump sum

Flexible Spending Accounts

payment to a dentist may not be eligible for services. Also consider services that will be performed over more than one plan year. You will need to provide a copy of your contract with your dental provider, showing the initial deposit and monthly payments. This expense may be setup as a recurring expense throughout your plan year.

Prenatal Expenses

For maternity related expenses, payment cannot be advanced, but are reimbursed as they are incurred. Eligible charges may be reimbursed each time you are seen by your physician for prenatal care, but not in advance of the delivery.

Over The Counter (OTC) Items

The recently enacted Patient Protection and Affordable Care Act of 2010 changes the rules for the purchase of over-the-counter (OTC) products using Flexible Spending Accounts (FSA).

Effective for tax years January 1, 2011, over-the-counter medicines or drugs (e.g. Advil, Ibuprofen, and cough syrup) are not eligible for reimbursement under an FSA, HRA, or HSA without a doctor's prescription. Insulin is the only medicine that doesn't require a prescription.

Supplies you need for medical care (e.g. contact lens solutions, bandages for wounds, thermometers) will continue to be eligible for reimbursement. There are some medical items that may not be allowed unless you have a prescription or letter of necessity from a medical professional for a specific medical condition.

We recommend you retain copies of all OTC documentation for your records. Documentation for reimbursement must state the place of purchase, date, amount, item name, and purchases can be claimed within reasonable quantities. Treatment for eligible expenses cannot be for preventative purposes and items purchased for personal care are not eligible for reimbursement. For example: toothpaste, vitamins, supplements and herbal remedies, and other items used for personal hygiene cannot be claimed for reimbursement.

Examples of Eligible Expenses

In order to use your health care flexible spending account (FSA), the health care item or service needs to be considered "eligible." The Internal Revenue Service – better known as the IRS – has guidelines to determine which expenses are eligible and qualify for reimbursement from your FSA. Typically, an eligible expense must be a service or product that is purchased for medical care to help treat a medical condition or prevent a disease, among other things.

As you shop for care and for health care items, use this as a helpful guide. This list does not include everything. In fact, the IRS may modify the guidelines from time to time, which may cause the list to change.

Dependent Care FSA

The Dependent Care Assistance account allows you to pay for “employment related expenses” that enable you and your spouse to be gainfully employed, seek employment, and/or be a fulltime student. In general, expenses must be for the “care” of a qualifying individual.

Reimbursement may also include eligible expenses for children or elder dependents that rely on you for their care.

Flexible Spending Accounts

Eligible DCAP Expenses

Some examples of eligible expenses include:

- care in and outside the home
- child-care/dependent care centers
- before and after school care
- nursery school and preschool expenses
- preschool tuition
- day care camps and facilities (*only for "care" and not primarily for educational purposes*).
- Adult day care expenses

Expenses for services provided outside the employee's home by dependent care centers must comply with state and local laws. Your care provider must report day care income on their taxes to be considered as eligible.

Dependent Care FSA must be for children under 13 years of age, unless they meet the qualifications of physically or mentally incapable of self-care.

DCAP Reimbursements

The total amount you choose to contribute should be based on your expected child and/or dependent care expenses during the plan year. A single parent, or employee that is married but filing separately is limited to \$2,500 for the Plan year. If your spouse has a dependent care account through their employment, the two accounts cannot exceed \$5,000 during a given plan year. IRS requires that the amount reimbursed to a participant must first be on deposit in their account. When a claim is filed we first verify that there are adequate funds in the account to pay the entire claim. When sufficient funds are not available, participants are issued the maximum amount available in their account. The remainder of the reimbursement request is paid when additional funds are received through payroll deposits.

Ineligible Expenses

The following items are examples of expenses that are generally considered as ineligible for reimbursement in a Dependent Care FSA:

- Educational expenses, except where an eligible child attends preschool or nursery school
- Field trips, clothing
- Late payment or finance charges
- Payments for lessons
- Tuition expenses
- Overnight camps
- Kindergarten expenses

Submit valid documentation for Flex Expenses

Health Care Claims

The Internal Revenue Service requires that **ALL** health care claims be documented for approval in order to be eligible for reimbursement. Valid substantiation documentation for health care expenses will have the following:

- Name of service provider
- Name of patient
- Date of service or sale
- Description of service or product
- Amount of unreimbursed service or *sale*

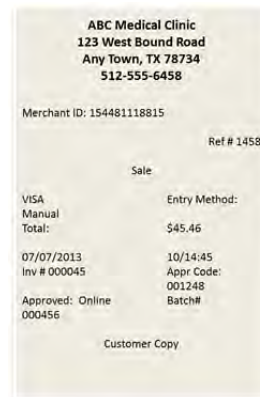

Invalid Substantiation

A sales receipt normally shows only the date and amount of a transaction. These receipts do not provide the patient's name, a description of the service or show the actual date the service was performed.

MISSING: Patient Name

MISSING: Description of Service

MISSING: Date of Service

A "sales" receipt is not valid substantiation documentation based on IRS guidelines.

Flex Debit Card

The Flex Card is an automatic way to pay for qualified health care expenses. It is not a credit card, but can be used to pay for your eligible health flexible spending account (FSA) purchases. The value of the participant's annual contribution is loaded on the Card, and amounts of qualified purchases will be automatically deducted from your account. The Card may be used for eligible flexible spending account (FSA) expenses as determined by Section 213(d) of the Internal Revenue code.

You may use the Card for co-pays at hospitals, physician offices, pharmacies, dental offices, vision service locations, and wherever they accept MasterCard® or Visa® cards. Only eligible expenses incurred during the current plan year and/or grace period can be claimed as eligible expenses.

Substantiation of Flex Card purchases

Many purchases do not require receipts and can be automatically substantiated by one of the following IRS approved methods:

- | | |
|---------------------------------|---|
| <i>IIAS Approved</i> | <i>If you purchase your FSA eligible item at a merchant utilizing the Inventory Information Approval System, the charge is fully substantiated without the need for submission of a receipt or further review.</i> |
| <i>Co-Payment</i> | <i>If the dollar amount on your Flex Card transaction at a health care provider equals the dollar amount of the co-payment for the service under your major medical plan, the charge is fully substantiated with no need for submission of a receipt or further review.</i> |
| <i>Recurring Expense</i> | <i>If you use your Flex Card for recurring medical expenses, the charge is substantiated with no need for submission of a receipt or further review. Please note that an initial receipt request will be made to establish the expense as recurring.</i> |

Flexible Spending Accounts

Receipt Request

You will be required to submit itemized receipts for the following flex card debit purchases:

- *All FSA eligible items purchased at a 90% Rule Merchant*
- *All transactions at a health care provider that does not equal your co-pay amount*
- *Some dental procedures and vision care products and expenses*

You will receive a "Receipt Request" letter notification if you are required to submit receipts to substantiate a Flex Card purchase

Reasons your Flex Card may be declined

Your Flex Card may be declined for the following reasons:

- *Merchants do not Accept Master Card or Visa*
- *Ineligible Medical Expense*
- *Non IIAS Merchant*
- *Non-Medical Facility*
- *The expense is greater than you available FSA fund balance*
- *Your Flex Card has been inactivated due to outstanding receipt requests for substantiation*
- *Merchant is attempting to process your Flex Card as a debit card instead of a credit card*
- *Merchant is experiencing problems with their system.*

Termination of Employment

Health Care FSA

When you terminate employment, your participation in the plan ends and you will no longer be able to incur expenses for reimbursement. Your salary reductions will end; however you may still file claims for dates of service incurred before your termination as long as they are within your eligible plan year.

Dependent Care FSA

If you have not received reimbursement for all contributions made into your DCAP upon your termination of employment, you may continue to incur expenses during the plan year and submit claims reimbursement. Generally you may submit claims through the plan year run-off period until all your contributions are used.

COBRA

COBRA does not apply to DCAP. However, COBRA may apply to your Health Care FSA account and allow you to continue participation in your URM, thus allowing you to receive reimbursement for medical expenses incurred after your employment termination if you terminate employment and you have contributed more into your Health Care FSA than you have received in benefits.

Thereafter, We may require proof, but not more frequently than annually.

Portability

On the date the Policy terminates or the date the Named Insured ceases to be Actively at Work as an Employee and is not Totally Disabled, Insureds and their covered dependents will be eligible to exercise the portability privilege. Portability coverage may continue beyond the termination date of the Policy, subject to the timely payment of premiums. Portability coverage will be effective on the day after insurance under the Policy terminates.

The benefits, terms and conditions of the portability coverage will be the same as those provided under the Policy when the insurance terminated. U.S. Business Intermediary and Producer Compensation Notice

Metropolitan Life Insurance Company, herein called MetLife, enters into arrangements concerning the sale, servicing and/or renewal of MetLife group insurance and certain other group-related products (“Products”) with brokers, agents, consultants, third party administrators, general agents, associations, and other parties that may participate in the sale, servicing and/or renewal of such products (each an “Intermediary”). MetLife may pay your Intermediary compensation, which may include, among other things, base compensation, supplemental compensation and/or a service fee. MetLife may pay compensation for the sale, servicing and/or renewal of products, or remit compensation to an Intermediary on your behalf. Your Intermediary may also be owned by, controlled by or affiliated with another person or party, which may also be an Intermediary and who may also perform marketing and/or administration services in connection with your products and be paid compensation by MetLife.

Base compensation, which may vary from case to case and may change if you renew your products with MetLife, may be payable to your Intermediary as a percentage of premium or a fixed dollar amount. MetLife may also pay your Intermediary compensation that is based upon your Intermediary placing and/or retaining a certain volume of business (*number of products sold or dollar value of premium*) with MetLife. In addition, supplemental compensation may be payable to your Intermediary. Under MetLife’s current supplemental compensation plan (SCP), the amount payable as supplemental compensation may range from 0% to 8% of premium. The supplemental compensation percentage may be based on one or more of: (1) the number of products sold through your Intermediary during a one-year period, or other defined period; (2) the amount of premium or fees with respect to products sold through your Intermediary during a one-year period; (3) the persistency percentage of products inforce through your Intermediary during a one-year period; (4) the block growth of the products inforce through your Intermediary during a one-year period; (5) premium growth during a one-year period; or (6) a flat amount, fixed percentage or sliding scale of the premium for products as set by MetLife. The supplemental compensation percentage will be set by MetLife based on the achievement of the outlined qualification criteria and it may not be changed until the following SCP plan year. As such, the supplemental compensation percentage may vary from year to year, but will not exceed 8% under the current supplemental compensation plan.

The cost of supplemental compensation is not directly charged to the price of our products except as an allocation of overhead expense, which is applied to all eligible group insurance products, whether or not supplemental compensation is paid in relation to a particular sale or renewal. As a result, your rates will not differ by whether or not your Intermediary receives supplemental compensation. If your Intermediary collects the premium from you in relation to your products, your Intermediary may earn a return on such amounts. Additionally, MetLife may have a variety of other relationships with your Intermediary or its affiliates, or with other parties, that involve the payment of compensation and benefits that may or may not be related to your relationship with MetLife (e.g., *insurance and employee benefits exchanges, enrollment firms and platforms, sales contests, consulting agreements, participation in an insurer panel, or reinsurance arrangements*).

More information about the eligibility criteria, limitations, payment calculations and other terms and conditions under MetLife’s base compensation and supplemental compensation plans can be found on MetLife’s Website at www.metlife.com/business-and-brokers/broker-resources/broker-compensation. Questions regarding Intermediary compensation can be directed to ask4met@metlifeservice.com, or if you would like to speak to someone about Intermediary compensation, please call (800) ASK 4MET. In addition to the compensation paid to an Intermediary, MetLife may also pay compensation to your representative. Compensation paid to your representative is for participating in the sale, servicing, and/or renewal of products, and the compensation paid may vary based on a number of factors including the type of product(s) and volume of business sold. If you are the person or entity to be charged under an insurance policy or annuity contract, you may request additional information about the compensation your representative expects to receive as a result of the sale or concerning compensation for any alternative quotes presented, by contacting your representative or calling (866) 796-1800.

Accident Insurance

Kathy's daughter, Molly, was riding her bike to school. On her way there she fell to the ground, was knocked unconscious, and was taken to the local emergency room (ER) by ambulance for treatment. The ER doctor diagnosed a concussion and a broken tooth. He ordered a CT scan to check for facial fractures too, since Molly's face was very swollen. Molly was released to her primary care physician for follow-up treatment, and her dentist repaired her broken tooth with a crown. Depending on her health insurance, Kathy's out-of-pocket costs could run into hundreds of dollars to cover expenses like insurance co-payments and deductibles. MetLife Group Accident Insurance payments can be used to help cover these unexpected costs.

THE NEED FOR DISABILITY INSURANCE

Protect your paycheck

You insure your home, car and other valuable possessions, so why not also protect what pays for all those things — your income. Without it, think about how your mortgage/rent, groceries or credit card bills would get paid. This is where disability insurance can help.

A disability can be short-term, long-term, or it can last a lifetime, and no one knows when it will happen. Being prepared will ease the financial burden for you and your loved ones if you get sick or hurt and cannot work. Purchased through your workplace, disability insurance can replace approximately 60 percent of your income.

Things to think about

If something unfortunate happens that causes you to be disabled, there are not a lot of ways to get money if you don't have disability insurance. Workers' compensation requires you to meet certain eligibility requirements to qualify for coverage, and not everyone qualifies for this benefit. Medical insurance will only help cover your medical costs.

Protect yourself from income gaps by having disability insurance. This chart shows you an example of your estimated total income before retirement. Without disability coverage, your earnings will be less depending on how long you are out of work. Can you really afford to not have disability insurance?

Estimate your expenses below

Present age	Years until retirement*	Annual income**		
		\$25,000	\$50,000	\$75,000

Eligibility for Coverage ¹:

An eligible Employee is a full-time Employee legally authorized to work and reside in the United States. Eligible Employees cannot be considered a part-time, temporary or seasonal Employee. If any eligible Employee is not Actively at Work on the contract Effective Date, group insurance coverage for that Employee will not exist until he/she returns to full-time active work. After the initial enrollment period, an Employee may apply for coverage under another available AUL coverage option during an AUL approved scheduled enrollment period. However, any amount of coverage requested will then require satisfactory Evidence of Insurability prior to approval.

(The Following Paragraph Applies to Life Coverages Only.)

Any coverage for a spouse or children cannot become effective before the Employee's coverage is approved. If a spouse or child is confined in a medical facility, rehabilitation center, convalescent care facility, nursing home or correctional facility on the date an employee's coverage is approved, that Dependent coverage will not become effective until the spouse or child is released from such confinement and pursuant to the contract provisions. Before coverage for any incapacitated Dependent child older than the normal termination age can be considered, the Employee must apply in writing to AUL before or on the Employee's Effective Date of coverage.

Community Property Notice:

The laws of some community property states may not allow an Employee to name a beneficiary other than his/her spouse without the spouse's written consent. Community property states currently include Arizona, California, Idaho, Louisiana, New Mexico, Nevada, Texas, Washington, and Wisconsin. If AUL has not previously received written notice of a community property interest, then AUL shall be entitled to rely upon its good faith that no such interest exists. AUL assumes no responsibility of inquiry regarding such interest and, in consideration of acknowledgement of this designation, the insured person, for himself/herself and his/her estate, heirs, successors and assigns, agrees to indemnify AUL and hold it harmless from the consequences of acknowledging this beneficiary designation.

Effective Date and Claims Payment Notice:

No insurance coverage shall exist or become effective until approved in writing by American United Life Insurance Company® (AUL) at its Indianapolis, Indiana home office. Coverage continues while required premiums are paid and the Employer receives coverage under the AUL group contract. Premium rates do increase upon reaching certain age brackets, according to contract terms, and are subject to change. AUL shall not be liable or responsible for any loss incurred prior to the effective date of coverage for any insured. Any benefit payable under the contract is based on a percentage of an Employee's covered earnings subject to AUL's approval, contract maximums, contract reductions, and according to contract terms and conditions.

Arbitration Notice, if Applicable ²:

Coverage under the group insurance contract for which you have applied may include a binding or nonbinding arbitration agreement. The arbitration agreement requires that any disagreement related to this contract must first be resolved by arbitration and not in a court of law. The results of the arbitration can be final and binding on you and the insurance company. In an arbitration, an arbitrator, who is an independent, neutral party, gives a decision after hearing the positions of the parties. When you accept coverage under this insurance contract you agree to first resolve any disagreement related to the contract by arbitration instead of a trial in court including a trial by jury (note that some states may not allow mandatory arbitration). Arbitration takes the place of resolving disputes by a judge and jury and the decision of the arbitrator often cannot be reviewed in court by a judge and jury.

Required Notices Regarding Certain Contract Limitations³ and Exclusions⁴

Life Limitations/Exclusions:

Suicide Limitation, if applicable:

If any insured approved for coverage, commits suicide, while sane or insane:⁵ 1) within two years⁶ from the effective date of this policy, the benefits payable will be limited to the premiums paid; or 2) two or more years after the effective date of this policy, but within two years of the effective date of an increase in the amount of coverage previously obtained, the benefits payable will be limited to the coverage obtained prior to the effective date of the increase, if any, plus the premiums paid for the increased coverage.

1 Any coverage offered by AUL prior to and after the Effective Date of coverage is contingent upon information and documents received by AUL being accurate and reliable.

2 Contracts covering insureds residing in KS, LA, MO, MT, NE, OK and SD do not have arbitration provisions. Contracts covering insureds residing in AR, CA, CT, FL, ME, NJ, NM, VA, WA, WV and WY do not have binding arbitration provisions. Contracts covering insureds in KY and NH do not allow any type of arbitration in Life Insurance and Annuity contracts. Contracts in TX do not include an arbitration provision.

3 Limitations may vary by state.

4 The policy has exclusions, limitations, reduction of benefits, and terms under which the policy may be continued in force or discontinued. The policy may contain a waiting or elimination period between the effective date of the policy and the effective date of coverage, and a time period between the date a loss occurs and the date benefits begin to be payable for the loss.

5 In Colorado suicide/attempted suicide while insane does not apply.

6 1 year for insureds residing in Colorado and North Dakota.

Accelerated Life Benefit, if Applicable:

Certain insured individuals diagnosed with a terminal condition may be eligible to request payment of an Accelerated Life Benefit under the group life insurance contract. A terminal condition is an injury or sickness that despite appropriate medical care is reasonably expected to result in the Person's death within a specified time frame following the date of the Accelerated Life Benefit payment, as determined by AUL. After payment of Accelerated Life Benefits, the amount of the Person's life insurance payable at death to the Person's beneficiary will equal the amount of the Person's life insurance if no Accelerated Life Benefit payment had been made minus the amount of the Accelerated Life Benefit payment minus an interest charge.

The Accelerated Life Benefit offered under the contract may or may not qualify for favorable tax treatment under the Internal Revenue Code of 1986. Whether such benefits qualify depends on factors such as the Person's life expectancy at the time benefits are accelerated or whether the Person uses the benefits to pay for necessary long-term care expenses, such as nursing home care. If the Accelerated Life Benefits qualify for favorable tax treatment, the benefits will be excludable from the Person's income and not subject to federal taxation. Tax laws relating to Accelerated Life Benefits are complex. The Person is advised to consult with a qualified tax advisor about circumstances under which he/she could receive Accelerated Life Benefits excludable from income under federal law.

Receipt of Accelerated Life Benefits may affect a Person's, his/her spouse's, or his/her family's eligibility for public assistance programs such as medical assistance (Medicaid), Aid to Families with Dependent Children (AFDC), supplementary social security income (SSI), and drug assistance programs. The Person is advised to consult with a qualified tax advisor and with social service agencies concerning how receipt of such a payment will affect a Person's, his/her spouse's, or his/her family's eligibility for public assistance.

Disability Limitations/Exclusions:**Pre-existing Condition Limitation:**

Certain disabilities are not covered if the cause of the disability is traceable to a condition existing prior to the insured's effective date of coverage. A pre-existing condition is any condition for which a person has done any of the following at any time, during the period of time stated in the contract, whether or not that condition is diagnosed at all or is misdiagnosed during that period of time: a) received medical treatment or consultation; b) taken or was prescribed drugs or medicine; or c) received care or services, including diagnostic measures. Insureds must also be treatment-free for a time-frame specified in some contracts following the individual effective date of coverage.

Other Income Benefits:

The benefits under the group disability insurance contract are subject to reduction due to other sources of income. Types of other sources of income that may result in a reduction of the benefits payable under the contract include but are not limited to: any amount received under any Worker's or Workmen's Compensation Law, any amount received under any Occupational Disease Law, any disability income benefits received under any Compulsory Benefit Act or Law, any disability income benefits received under any other group insurance plan of the employer, any disability or retirement benefits received under the employer's retirement plan, any amount of disability or retirement benefits received under the United States Social Security Act, any amount of disability or retirement benefits received under the Railroad Retirement Act, any earnings received from the employer after the contract's elimination period has been completed, any amounts received under the employer's salary continuance plan and/or sick-leave plan, and any earnings received from any other occupation or employment while disabled and entitled to benefits under the contract.

Fraud Notice:

In NEW MEXICO any person who knowingly presents a false or fraudulent claim for payment of a loss or benefit or knowingly presents false information in an application for insurance is guilty of a crime and may be subject to civil fines and criminal penalties.

LIFE INSURANCE HIGHLIGHTS

For the employee

*Flexible Premium Life Insurance to Age 121
Policy Form PRFNG-NI-10*

Voluntary permanent life insurance can be an ideal complement to the group term and optional term your employer might provide. Designed to be in force when you die, this voluntary universal life product is yours to keep, even when you change jobs or retire, as long as you pay the necessary premium. Group and voluntary term, on the other hand, typically are not portable if you change jobs and, even if you can keep them after you retire, usually costs more and declines in death benefit.

The policy, PURELIFE-plus, is underwritten by Texas Life Insurance Company, and it has these outstanding features:

- **High Death Benefit.** With one of the highest death benefits available at the worksite,¹ PURELIFE-plus gives your loved ones peace of mind, knowing there will be significant life insurance in force should you die prematurely.
- **Minimal Cash Value.** Designed to provide high death benefit, PURELIFE-plus does not compete with the cash accumulation in your employer-sponsored retirement plans.
- **Long Guarantees.** Enjoy the assurance of a policy that has a guaranteed death benefit to age 121 and level premium that guarantees coverage for a significant period of time (after the guaranteed period, premiums may go down, stay the same, or go up).
- **Refund of Premium.** Unique in the marketplace, PURELIFE-plus offers you a refund of 10 years' premium, should you surrender the policy if the premium you pay when you buy the policy ever increases. *(Conditions apply.)*
- **Accelerated Death Benefit Rider.** Should you be diagnosed as terminally ill with the expectation of death within 12 months (24 months in Illinois), you will have the option to receive 92% (84% in Illinois) of the death benefit, minus a \$150 (\$100 in Florida) administrative fee. This valuable living benefit gives you peace of mind knowing that, should you need it, you can take the large majority of your death benefit while still alive. *(Conditions apply.)*

You may apply for this permanent, portable coverage, not only for yourself, but also for your spouse, minor children and grandchildren.

Like most life insurance policies, Texas Life policies contain certain exclusions, limitations, exceptions, reductions of benefits, waiting periods and terms for keeping them in force. Please contact a Texas Life representative for costs and complete details.

Information about PURELIFE-plus

MINIMAL CASH VALUES Buy this policy for its life insurance protection, not its cash value. The primary benefit is life insurance. Payment of the Table Premium produces a small cash value (Benchmark Cash Value).

PERMANENT LIFE INSURANCE COVERAGE Unlike group term life insurance, PureLife-plus is a personally owned, permanent individual life insurance policy to age 121 that can never be canceled or reduced as long as you pay the necessary premiums, even if your health changes.

GUARANTEED PERIOD Continuous, timely, and uninterrupted payment of the Table Premium guarantees coverage for the Guaranteed Period stated in the policy. Texas Life (We) cannot legally predict the premium required to continue coverage after the Guaranteed Period. It may be lower, the same, or higher than the Table Premium. However, if the premium to continue coverage is ever higher, We guarantee a limited right to a partial refund of premium.

GUARANTEED LIMITED RIGHT TO PARTIAL REFUND OF PREMIUM If a premium higher than the Table Premium is ever required to continue coverage after the Guaranteed Period, you have the choice to: (a) pay the higher premium(s) required to continue coverage; or, (b) surrender the policy and receive a partial refund of premium equal to 120 times the minimum monthly premium due at issue (10 years worth of Table Premium). You are eligible for this refund if the actual cash value equals or exceeds the Benchmark Cash Value and you have taken no prior partial surrenders. Conditions apply.

ACCELERATED DEATH BENEFIT For no added premium, the policy includes an Accelerated Death Benefit Due to Terminal Illness Rider (Form ULABR-07).¹ ("Terminal Condition" in PA.) If the insured becomes terminally ill (or has a terminal condition in PA or a qualifying event in a state with ICC in the policy form number) you may elect to claim an accelerated benefit while the insured is still alive in lieu of the insurance proceeds payable at death. In most states the single sum benefit is 92% (84% in IL) of the insurance proceeds. There is also an administrative fee of \$150 (\$100 in FL). This is not a long-term care benefit. Terminal Illness (or Condition) is an injury or sickness diagnosed and certified by a qualifying physician that, despite appropriate medical care, is reasonably expected to result in death within 12 months (24 months in IL). We can, at our expense, request the opinion of a physician We choose. A 90-day exclusion period applies unless the terminal illness results from accidental bodily injury (30 days in CT, IL, LA, MD, UT; 0 days in OR, PA, SC) Other conditions and limitations apply. Pay premiums faithfully. The rider terminates if the policy ever lapses for non-payment of premium, even if the policy is later reinstated. The right to accelerate benefits under this rider does not extend to any Child Term Life Insurance Rider. However, if the accelerated benefit is paid, the Child Rider becomes paid-up term insurance to each insured child's age 25. Payment of the Accelerated Death Benefit terminates the policy and all optional benefits/riders without further value.

CHILD TERM LIFE INSURANCE RIDER In lieu of an individual policy on each child, if the primary insured is age 59 or less you may apply for a Child Term Life Insurance Rider for \$10,000. It insures the primary insured's children and step-children who are ages 15 days through age 18 at the time of application. Children thereafter born to or adopted by the primary insured are covered 15 days after birth. Coverage continues to age 25. Coverage terminates at the primary insured's age 65. Coverage on a step-child ceases upon the primary insured's divorce from the step-child's natural or adoptive parent. If the primary insured dies, coverage is paid-up to the earlier of the insured child's age 25 or the Contract Anniversary Date on which the primary insured's Attained Age would have been 65. (ULCL-CIR-07)

IMPORTANT NOTICE The insurance proceeds, cash values, and loan values will all be reduced to zero and will no longer be payable if Texas Life pays the Accelerated Death Benefit. The benefit under this rider is intended to qualify for favorable income tax treatment under the Internal Revenue Code of 1986. If the benefit qualifies for such favorable tax treatment, it will be excludable from your income and not subject to federal income taxation. Receipt of the benefit may affect your, your spouse's or your family's eligibility for Medicaid, Aid to Families with Dependent Children (AFDC), supplementary social security income (SSI), and drug assistance programs. Tax and public benefit laws relating to acceleration of life insurance benefits are complex. You should consult a qualified tax or legal advisor or social services agency to determine how receipt of such payment will affect you and your family. Neither Texas Life nor its agents are authorized to give tax or legal advice.

INTERIM INSURANCE Interim insurance will be in force on the application date if these conditions are met: (1) the insurance is purchased through automatic deduction; (2) the deduction authorization is signed; and, (3) the proposed insured is insurable at standard rates under our rules and usual practice. Interim insurance remains in effect until the earlier of: (a) the Policy Date; (b) the date we decline the application; (c) the date We notify the applicant that s/he is ineligible for interim insurance; or, (d) the 180th day after the application date. In Kansas, clauses (3) and (d) do not apply, and clauses (b) and (c) apply only when we refund all premiums.

*This is a summary only. Policy provisions prevail. This information is not a contract or an offer to contract.

ACCELERATED DEATH BENEFIT DUE TO CHRONIC ILLNESS RIDER

PURELIFE-PLUS

This valuable living benefit will be included upon approval in the life contract for employees at an additional cost.¹ This rider can help offset the unplanned expense of care should the insured be faced with a qualifying disabling chronic illness or Severe Cognitive Impairment.² This is not long term care insurance.

The rider benefits become available upon diagnosis of a chronic illness, meaning that the insured is unable to perform two of the six Activities of Daily Living or if they suffer Severe Cognitive Impairment.²

Qualifying Questions

Within the past 5 years, has any person to be insured by the Chronic Illness Rider:

1. Been diagnosed, treated, tested positive for, or been given medical advice by a member of the medical profession for a disorder of the brain or nervous system; or
2. Required or received assistance because of a cognitive impairment, or when performing any of the following activities: bathing, dressing, continence, eating, toileting, or transferring?

How It Works

- If, for a period of 90 days, you're no longer able to perform any two of the six Activities of Daily Living or if you suffer Severe Cognitive Impairment, you can receive a living benefit.²
 - Example: You own a \$100,000 Texas Life insurance policy with the Chronic Illness rider. A medical professional certifies that you can no longer perform two of the six Activities of Daily Living or have suffered Severe Cognitive Impairment. You can apply for a lump sum of \$92,000 minus a \$150 processing fee.³
- The money is yours to do with as you choose: you do not have to go to a nursing home, convalescent center or receive home health care to receive the cash.
- The cost to add this valuable living benefit to your life insurance policy is minimal – just 10% of the policy's base premium.

TEXASLIFE INSURANCE COMPANY

The agent/agency offering this coverage is not affiliated with Texas Life other than to market its products. Underwritten and claims paid by Texas Life. Licensed in DC and all states except NY.

PureLife-plus is a Flexible Premium Adjustable Life Insurance to Age 121. Texas Life contracts and riders contain certain exclusions, limitations, exceptions, reductions of benefits, waiting periods and terms for keeping them in force. See a Texas Life representative or the Purelife-plus brochure for costs and complete details. Any outstanding loans will reduce the cash value and death benefit. Form series PRFNG-NI.

- 1 Issuance requires responses to additional underwriting questions.
- 2 Six Activities of Daily Living include: bathing, continence, dressing, eating, toileting, and transferring. Severe Cognitive Impairment means a deterioration or loss in intellectual capacity that: (1) places the Insured in jeopardy of harming him/herself or others and, therefore, the Insured requires Substantial Supervision by another individual; and (2) is measured by clinical evidence and standardized tests which reliably measure impairment in: (a) short or long-term memory; (b) orientation to people, places or time; and (c) deductive or abstract reasoning.
- 3 The Accelerated Death Benefit Rider for Chronic Illness pays 92% of the insurance proceeds less a \$150 administration fee in lieu of the benefit payable at death. Payment of this rider terminates the contract and any obligations under other riders, endorsements and supplemental benefits as if the insured had died. Form series ULABR-CI.

403(b) Universal Availability

Congratulations on taking this step towards securing your desired retirement! An employer-sponsored 403(b) retirement plan is an investment vehicle that allows you to make contributions to a retirement plan on a pre-tax or after-tax basis.

Pre-Tax contributions are made from your compensation before taxes. Contributions are then only taxed as compensation once you receive a distribution from the Plan.

Roth contributions are made on an after-tax basis, but then contributions and interest grow tax-free until withdrawn. Qualified distributions allow you to withdraw your money tax-free.

What Are The Contribution Limits?

Federal law limits the amount you may elect to defer under this Plan and any other retirement plan permitting elective deferrals. You are limited to contributing \$24,500 (for 2026) during any calendar year.

If you are age 50 or over, you may defer an additional amount, called a "catch-up contribution", of up to \$8,000 and for age 60-63 the "Super catch-up contribution", of up to \$11,250 (for 2026).

The total amount that may be contributed to the Plan on your behalf in any year may not exceed the lesser of 100% of your compensation or \$72,000 (for 2026).
